3. Approved retiree premiums effective 1/1/18 – 12/31/18 for Hawaii Dental Service, Vision Service Plan and USAble Life plans.

IV. BENEFITS COMMITTEE REPORT
A. HMSA Proposed Retiree Benefit Plan Design Changes
MOTION was made and seconded to add the supportive care benefit to the EUTF and HSTA VB HMSA non-Medicare and Medicare retiree medical plans effective January 1, 2018. (Uwaine/Nip) The motion failed. (Employer Trustees-2 YES-Johnston, Pressler, 3 NO-Becker, Hidano, Nishimoto)/Employee-Beneficiary Trustees-4 YES-Currivan Musto, Nip, Takashiba, Uwaine). Trustee Uwaine requested that this item be placed on the July Board agenda.

Mr. Mizuno discussed a retiree request to add air ambulance coverage on the mainland. Currently, this is not a benefit on any non-EUTF HMSA plans but is covered under Medicare in certain situations. The draft response will be mailed to the retiree.

Mr. Mizuno informed the Board that HMSA is preparing results of the Ornish heart disease program benefit for the EUTF active employee and retiree populations for presentation to the Benefits Committee in July or August.

B. CVS/SilverScript
1. Opioid Management Strategy
Mr. Mizuno discussed the Committee’s recommendation to adopt the CVS opioid management strategy that follows Centers for Disease Control (CDC) guidelines, instead of adopting the Food and Drug Administration (FDA) label based guidelines. To date eight CVS state government clients switched to the CDC based strategy, two switched to the FDA label based strategy and three have not decided. Trustee Pressler asked if the CDC guidelines were stricter in limiting opioid prescriptions to reduce abuse and if there were additional costs of the CDC based strategy. Ms. Sandra Benevides and Mr. Kurt
Neuenfeld, CVS, confirmed that the CDC guidelines are stricter in limiting opioid prescriptions and there is projected to be additional costs of approximately $120,000 annually due to lower rebates but offset by less drug costs. Additionally, CVS and HMSA believe that implementation of the provisions of SB505 Relating to Health (Opioid Therapy, Informed Consent, Prescription Limits, Nurses) is the responsibility of the prescriber and provider.

MOTION was made and seconded to approve the recommendation of the Benefits Committee to adopt the CDC guideline based morphine milligram equivalent opioid management strategy as described on slide 14 of the CVS presentation for EUTF active employee and non-Medicare retiree prescription drug plans, excluding the HSTA VB plans, effective October 1, 2017 (Pressler/Currivan Musto) The motion passed unanimously. (Employer Trustees-5/Employee-Beneficiary Trustees-4)

2. U.S. Prevention Services Task Force Requirement for Statins
Mr. Mizuno summarized the Committee’s discussion regarding the Affordable Care Act (ACA) statin requirements in which low to moderate dosages of generic statins must be covered at 100% under ACA for members ages 40-75 in certain instances – EUTF and HSTA VB active employee plans. This requirement can be implemented as early as November 1, 2017 or as late as July 1, 2018, the beginning of the plan year. In addition, the coverage can be added to the non-Medicare and Medicare (no age limits can be placed) retiree plans. Recent past EUTF practice has been to add mandates on the required date and not to add the ACA requirements to the retiree plans. Mr. Mizuno added that Medicare retirees have available a low income subsidy program through CMS and Medicaid that assist with prescription drug premiums and copayments. Approximately 650 Medicare retirees are taking advantage of the CMS low income subsidy program.

MOTION was made and seconded to approve the recommendation of the benefits consultant and EUTF staff to implement the CVS program to comply with ACA preventative services coverage of low to moderate dose statins for EUTF and HSTA VB active employee prescription drug plans effective July 1, 2018 and not to add the coverage to retiree plans. (Pressler/Johnston) The motion passed. (Employer Trustees-5 YES-Becker, Hidano, Johnston, Nishimoto, Pressler/Employee-Beneficiary Trustees-3 YES-Nip, Takashiba, Uwaine, 1 NO-Currivan Musto)

3. Specialty Coupon Program
Mr. Mizuno summarized the specialty coupon program that is a follow up from the State and Local Government Benefits Association (SALGBA) conference attended by the Administrator and Ms. Benevides. This program would 1) exclude manufacturer coupons from the member’s accumulated out-of-pocket costs and/or 2) allow the EUTF to take advantage of the full amount of manufacturer coupons for specialty drugs. Currently, the value of the coupons are limited to the member’s coinsurance. This program for active employees and non-Medicare retirees is limited to CVS clients that have selected CVS as the exclusive specialty pharmacy. EUTF discontinued the exclusive specialty pharmacy arrangement with CVS in 2013 in accordance with Act 226, SLH 2013. The CVS account team is investigating whether CVS will make an exception for the EUTF.
V. NEW BUSINESS
A. Prescription Drug Plan Retiree Rates Effective January 1, 2018 – Caremark and SilverScript
Mr. Tom Morrison, Segal Company, presented the proposed prescription drug plan retiree rates effective January 1, 2018 based on a review of plan experience. The rate reduction is based on the introduction of specialty medication controls, greater than projected rebates, lower utilization of certain higher cost medications and projected improved pricing as a result of RFP 17-002.

MOTION was made and seconded to approve the retiree premiums for the period 1/1/18 to 12/31/18 for the self funded prescription drug plan as recommended by Segal.
(Uwaine/Johnston) The motion passed unanimously. (Employer Trustees-5/Employee-Beneficiary Trustees-4)
