By consensus of the Board, the Administrator was directed to respond to the Star Bulletin article and state that the staff has the Board's full confidence and support and that the Board is looking forward to working with them in the future.

Chair Miyake informed the Board and public that Vice-Chair Audrey Hidano is resigning effective November 1, 2003.

Trustee Watanabe asked for clarification on the meeting with the DOE and charter schools. Mr. Fukuhara stated that the meeting is to determine what charter schools must do to maintain EUTF health benefits if they are no longer processing payroll through DAGS.

B. DEPUTY ATTORNEY GENERAL

Mr. Aburano reported on the following in response to previous requests made:

1. Insurance Coverage – Completion of PEHF Contracts and Obligations.

Mr. Aburano discussed what insurance coverage or other protections exist with respect to acts or omissions done to complete the PEHF contracts and obligations. He discussed the immunity and indemnity that the Trustees have under Section 26-35.5, Hawaii Revised Statutes. He said that the Trustees should review the document and that no action is needed at this time.

2. Background on Trust Fund Voting Structure

Mr. Aburano stated that the legislative history of Act 88 does not show why the legislature established the Trust Fund's particular voting structure. There appears to have been a pre-existing interest in having the Trust Fund's board composed of half trustees representing employers and half trustees representing employee beneficiaries. This probably stems from the Taft-Hartley Act which requires a similar Trust Fund structure for private sector plans. The history of Act 88 shows that the original Senate bill required 10 trustees but the voting was done by a simple majority of the trustees. In addition, there was a tie-breaking mechanism. When the Senate bill moved to the House, the House added 1 trustee so there were 11 trustees,

and the House put in that the employer trustees would have 1 vote, the employee-beneficiary trustees would have 1 vote, and the 11th trustee would represent both the public and the employee-beneficiaries and would be the tie-breaking vote. Then the bill went to a conference committee and they changed the bill back to 10 Trustees, kept the 1 vote on each side, and put in a modified alternate disputes tie breaking mechanism.

C. BENEFITS CONSULTANT

1. Overview by Mr. Garner on the Special Report Evaluating the Implementation, Administration & Financial Impact of New Benefit Plans which began on July 1, 2003 (see handout)

Discussion held by Trustees and consultant on the special report.

2. Garner Bulletin September 2003 (see handout)

D. CARRIERS

1. Mutual Benefit Association of Hawaii
2. Hawaii Dental Service
3. VSP
4. Kaiser Permanente
Mr. Fukuhara introduced Sandra Benevides, the new accounts manager for Kaiser.
5. Aetna

VI. UNFINISHED BUSINESS

- A. Dual coverage medical plan effective mid-year
Trustee Miyake announced that proposals from HMSA and Royal State would be discussed at next month's Benefits Committee and Board meetings. He expects that a decision would be made to offer dual coverage medical plan(s) since there is language in the collective bargaining agreements for employer contributions and it is critical that the EUTF offer this type of plan option as soon as possible.

VII. NEW BUSINESS: None

VIII. COMMUNICATIONS FROM THE PUBLIC AND INPUT FROM ATTENDEES
