CALL TO ORDER

The meeting of the Board of Trustees of the Hawaii Employer-Union Health Benefits Trust Fund (EUTF) was called to order at 9:02 a.m. by Chairperson Christian Fern, in the City Financial Tower Conference Room, 201 Merchant Street, Suite 1935, Honolulu, Hawaii, on Tuesday, November 16, 2021.
II. MINUTES – OCTOBER 26, 2021
The Board reviewed the draft minutes of October 26, 2021.

MOTION was made and seconded to approve the minutes of October 26, 2021, as circulated. (Ferguson-Miyamoto/Wataru) The motion passed unanimously. (Employer Trustees-4/Employee-Beneficiary Trustees-5)

III. NEW BUSINESS
A. EUTF Fiduciary Liability Insurance
Mr. Neal Nakashima, Marsh USA, presented Marsh’s recommendation to renew the fiduciary liability insurance policy with RLI Insurance Company (RLI) noting that out of eight carriers contacted only two proposed and the proposal from Beazley was for $5 million in coverage instead of $10 million. RLI’s proposal was under the same terms and conditions as the expiring policy with an increase of 10.5% in the premium primarily due to an 84% increase in the EUTF’s assets. Marsh recommended renewal with RLI as the premium increase was less than anticipated under the current market conditions.

MOTION was made and seconded to bind fiduciary liability insurance coverage with RLI as recommended by Marsh for the period December 15, 2021 to December 15, 2022. (Wataru/Johnston) The motion passed unanimously. (Employer Trustees-4/Employee-Beneficiary Trustees-5)

B. July 1, 2021 Actuarial Valuation Methodology Discussion
Mr. Mehdi Riazi and Mr. Joe Newton, Gabriel Roeder Smith & Company (GRS), proposed methodology changes for the July 1, 2021 actuarial valuation of the State and counties other post-employment benefits noting the following:

- All changes have been presented to the applicable employers with none raising concerns.
- The changes include a 2% annual required contribution smoothing corridor (adopted by the County of Maui for the July 1, 2020 actuarial valuation), changing the amortization period for new actuarial losses to 20 years from 30, applying actuarial gains to the initial unfunded base and resetting existing actuarial gain and loss layers to match the initial base.

Trustee Laurel Johnston asked GRS their opinion on how this will impact the State's bond rating. Mr. Newton responded that the change should have minimal impact and if any, it would likely be seen as a positive as the new actuarial losses will be amortized over a shorter period.

GRS will prepare the July 1, 2021 actuarial valuations with the aforementioned methodology changes.

C. 2022 Medicare Part B Premium and Retiree Base Monthly Contribution
Ms. Amy Cheung presented a memorandum regarding the 2022 Medicare Part B Premium and Retiree Base Monthly Contribution noting that the standard Medicare Part B premium will be increasing to $170.10 per month in 2022 from $148.50, a 14.5% increase. This
change is projected to increase the calendar year Medicare Part B premium reimbursements from $100.8 million in 2021 to $112.4 million in 2022. Mr. Derek Mizuno noted that the 14.5% increase will result in an actuarial loss for the employers in the July 1, 2021 actuarial valuation as the expected Medicare Part B premium increase was only 5%.

D. EUTF Annual Report to the Legislature
Mr. Mizuno presented the EUTF Annual Report to the Legislature highlighting the components of the report. Trustee Roderick Becker requested that the Administrator's name be added to the document. Mr. Mizuno noted that it will be added at the top of page 2.

MOTION was made and seconded to approve the EUTF Annual Report as amended for submission to the Legislature for fiscal year 2021. (Wataru/Ferguson-Miyamoto) The motion passed unanimously. (Employer Trustees-4/Employee-Beneficiary Trustees-5)
