

Check It Out!

The Surprising Things Your Dentist Can Spot

Thursday, February 26

• 11:30 a.m. to 12:15 p.m.

*This is an opportunity prize drawing, winners are selected at random. Prizes are subject to federal and state taxes. Please consult your tax advisors. This drawing is exclusive to EUTF Actives, Retirees, and their dependents over the age of 18. Must be present to win.

Discover how a routine dental visit can reveal far more than cavities. In this eye-opening webinar, you'll learn how dentists can detect early signs of overall health issues (from nutritional deficiencies to chronic conditions) and why regular check-ups are a powerful tool for whole-body wellness. Join us to see how your smile can tell a bigger story about your health!

Register to win an Electric Toothbrush!

All participants will be entered in a drawing* to win a Crest+Oral B Daily Clean Electric Toothbrush Systems (valued at \$75)!

Presented by
Hien Doan, DDS

Dr. Hien Doan is a dedicated general dentist committed to providing comprehensive, compassionate care to patients of all ages. She has a special interest in pediatric and cosmetic dentistry, and strives to create a welcoming environment where every patient feels comfortable and understood.

Dr. Doan earned her Doctor of Dental Surgery degree from Marquette University School of Dentistry. She also holds a master's degree in dental biomaterials, with thesis research focused on the science of teeth whitening—an area that continues to inform both her clinical practice and patient education.
