Chew on This: How Nutrition, Oral Health, and Bone Strength Work Together

Tuesday, June 9 • 11:30 a.m. to 12:15 p.m.

Strong teeth and a healthy smile are built on more than just good oral hygiene. Nutrition provides the essential building blocks that help keep teeth and bones healthy.

Join HDS and our SMILEChampion Dr. Hien Doan as we explore how nutrition, oral health, and bone strength work together to support overall wellness.

HDS SMILEChampions are dentists trained to share trusted oral health knowledge, inspire healthier communities, and represent HDS with pride.

*This is an opportunity prize drawing, winners are selected at random. Prizes are subject to federal and state taxes. Please consult your tax advisors. This drawing is exclusive to participants over the age of 18. Must be present to win.

All participants will be entered in a drawing* to win a Crest+Oral B Daily Clean Electric Toothbrush Systems (valued at \$75)!

SMILECHAMPION
Hien Doan, DDS

Dr. Hien Doan is a recognized HDS SMILEChampion and a dedicated general dentist committed to providing comprehensive, compassionate care to patients of all ages. She has a special interest in pediatric and cosmetic dentistry, and strives to create a welcoming environment where every patient feels comfortable and understood.

Dr. Doan earned her Doctor of Dental Surgery degree from Marquette University School of Dentistry. She also holds a master's degree in dental biomaterials, with thesis research focused on the science of teeth whitening—an area that continues to inform both her clinical practice and patient education.
